

GÉOMTL

2019 Edition
Call for Exhibitors

An event dedicated
to geomatics

November 13 + 14, 2019
Palais des congrès, Montréal

An event organized by CIG Montreal Branch in partnership with CIG Champlain Branch and AGMQ

An avant-garde event

Geomatics applications have become increasingly important, particularly in cities and smart spaces, in the Internet of Things, in the gaming industry, in short wherever geolocation matters to bring innovation and opportunities. Geomatics is a subject that cuts across all geospatial technology sectors and now covers all business areas, including information technology, finance, transportation, marketing, natural resources and even the arts. GÉOMTL 2019 opens its doors to all communities interested in geomatics, geolocation and geospatial.

A festive and inspiring experience

More than a show, GÉOMTL 2019 is a participative experience that allows people to meet pairs, exchange and discover through quality interventions, the trends of the field. The proposed format combines conferences and exchange activities such as the much anticipated networking evening, luncheon conferences and more, not forgetting the presentation of the Gaïa prize, which honors geomatics developers in Quebec.

GÉOMTL

Organized at regular intervals since 1981, this event is one of only of this scale dealing with geomatics in Quebec in 2019.

800

enthusiastic

decision-makers, professionals, technicians, users, developers, project managers...

45

presentations

over 2 days to enthrall the audience on the subject of geospatial

10

exceptional guests

from the world of technology and business willing to share their expertise

35

exhibitors

grouped in a large commercial space to demonstrate and initiate to their products and services

1

To expand your customer base by prospecting nearly 800 visitors.

2

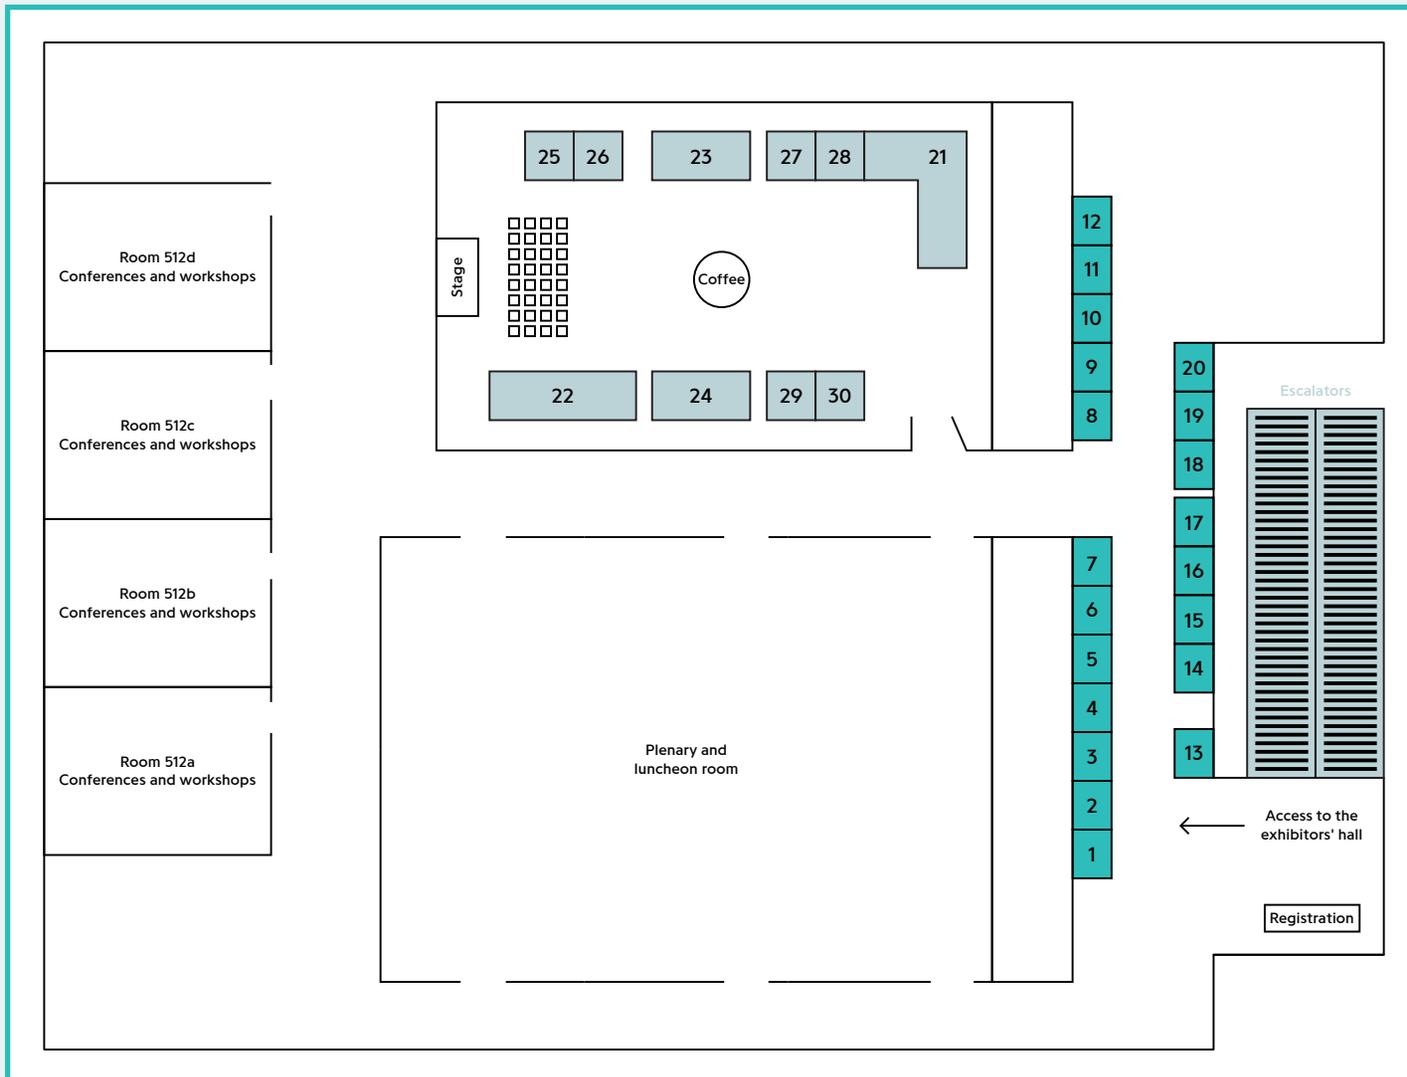

To develop your notability by interacting with potential partner, working in more than 200 companies related to geospatial.

Why become an exhibitor?

3

To increase your turnover by presenting your new products and services.

TERMS AND CONDITIONS OF THE CONTRACT

CONTRACT:

Once confirmed, this request for a display site shall constitute a contract between the Exhibitors and the Organizers (CIG – Montreal Branch) and, shall include the terms and conditions described on this form. The parties agree that the initial floor plan may be revised and modified by the Organizers. To benefit from the reduced rate, the contract and payment must be received by July 31, 2019. The amounts mentioned do not include any federal or provincial sales taxes. An Exhibitor can send the contract by e-mail to confirm a reservation but display site location will be assigned according to the order in which the signed contracts are received along with the necessary payment.

TERMS AND CONDITIONS OF COMMERCIAL EXHIBIT:

The Exhibitor cannot sublet the display space without the written permission of the Organizers. The Exhibitor agrees that no goods will be brought in or taken out and that the stand will not be dismantled during the commercial exhibit and that the display stand will remain intact until the end of the commercial exhibit, until 4:00 p.m., November 14, 2019. The Exhibitor also agrees to remove its display from the Palais des Congrès within the prescribed time limits, and that, should he fail to do so, will reimburse the Organizers for any additional costs they incur.

CANCELLATION POLICY:

No display space shall be cancelled without appropriate written authorization from the Organizers. No exhibition fees will be refunded after October 16, 2019. Should an Exhibitor whose request has been processed wish to cancel by October 16, 2019, he will be refunded the fees paid minus an amount equal to 15%. If the GéoMTL symposium is cancelled for any reason whatsoever, the Organizers shall have no obligation towards the Exhibitor other than that of refunding the fees paid for a display stand.

EXHIBITOR'S GUIDE:

The Organizers will send the Exhibitor's guidelines explaining the services available during the assembly and dismantling of the stands. This information will also be available at: <http://geomtl.com/>

RESTRICTIONS:

The Organizers reserve the right to refuse or prohibit any Exhibitor which, in their opinion, is not relevant or runs counter to the spirit of the symposium or commercial exhibit. They can exclude any display that becomes ineligible or obstructs neighboring displays or other activities. Interviews, demonstrations, and the distribution of documents, products, souvenirs, etc. must take place at the display stand. Direct sales, solicitation of new customers,

and the use of advertising materials or symbols by organizations other than those which have rented display space are prohibited. The Exhibitor agrees to ensure that at least one representative will be at the stand at all times during opening hours of the commercial exhibition. The Organizers shall not be liable for any losses, damages or injuries sustained by anyone or affecting any property if such losses, damages or injuries are caused by the Exhibitor or its staff. The Exhibitor shall be liable for any damage caused to Palais des Congrès. The Organizers shall not be responsible for providing reserved space if the Palais des Congrès should become unavailable because of a fire, force majeure, unforeseen event, strike or any other unforeseen circumstance beyond their control.

ADMINISTRATIVE CONDITIONS:

This contract must be signed and sent with full payment (cheque) at the address indicated on the first page.

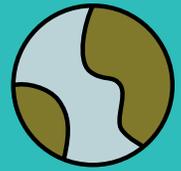

Organizer

CIG - Montreal Branch

The Montreal Branch active since 1953 is one of the Quebec sections of Canadian Institute of Geomatics. CIG is a non-profit scientific and technical Association dedicated to the advancement of geomatics in Canada.

Montréal Branch / Section de Montréal

Partners

CIG - Champlain Branch

In the Quebec City area, the Champlain Branch works in complementarity with the Montreal Branch, in order to offer activities relevant to the entire geomatics community.

AGMQ

Founded in 1990, the Association de géomatique municipale du Québec (AGMQ) have the mission to promote the development of geomatics applied to municipal and regional domains in Quebec.

**An event
not to be missed!**
